Middletown, N. Y., April 16.—The trout season opened in Sullivan and Orange Counties to-day, and there was a grand rush to the streams last night, and sunrise to-day found the banks lined with fishermen. The returning fishermen reported that the day's extreme heat mage the fishing especially good, and nearly all had full baskets. The Bearer Kill and Willowemor were the favorite streams. The fish bit best on worm bait and files were put away early.

Even the most heavily landed blows seem to the wearer like a gentle tapping, and the claim is made that a person provided with the device is practically invulnerable against a knock-out. Besides the protection provided by the new sult, a registering device counts the number of blows struck. No referee is needed to give the decision. A consultation of the two blow indicators at the ead of the bout will proclaim the better man.

noon.

Only five out of the nine carded went to the post and without much delay Starter Caldwell sent them away to a good start without the aid of the machine.
